

Fiat Spring Meetup, Fredrikstad
13-14-15 May.2011.

Fiat Spring Meetup, Fredrikstad

13-14-15 May, 2011.

We are excited to welcome everyone to the Fiat meetup in Fredrikstad

During the event we will visit The Old Town (The best preserved fortress town in the Nordic countries), Hvaler islands, Hankø and Engelsviken and experience what these places offer.

For this event we would also like to invite our fellow Fiat friends from Sweden, Denmark and Germany to stay on after the event and celebrate Norway's constitution day the 17th of May.

The Old Town is the oldest part of Fredrikstad, and was founded by king Frederik II in 1567. The Old Town is situated on the east side of the river Glomma right where the river splits in two. The unique buildings inside the well preserved fortress walls makes this town the best preserved fortress town in Northern Europe.

Downtown is the "new" part of Fredrikstad and is located on the west side of Glomma. Fredrikstad used to have one of the most important harbours for exporting woodwork. The city contains many exciting shopping opportunities and has a famous promenade by the river with bars and restaurants.

Hvaler is an island municipality outside of Fredrikstad consisting of 833 reefs and small islands. Skjærhalden is Hvalers largest community and is situated on the island Kirkøy. Here you will find a guest harbour, tourist office, shops and restaurants.

Hankø is an island outside Fredrikstad and is most famous for its numerous sailing regattas during the summer and its close relationship with the Royal family. King Olav V has a summerhouse on the island that is frequently used.

Engelsviken is a small fisherman wharf containing a very popular restaurant. The fish soup here has been crowned the best in Norway by VG the biggest newspaper in Norway.

We hope many of you will have the opportunity to join us in Fredrikstad this weekend. We can guarantee an exciting event!

Bjørn Andreassen.
